CAD Drafting / Detailing Position

Job Description

Bountiful Glass, along with our sister company, Midwest D-Vision Solutions, is a rapidly growing firm providing glass, glazing, storefront, floor coverings and construction specialty products to a wide range of end-users throughout Utah. We are leaders in the market, and are dedicated to elevating our industry and exceeding our client's expectations. We offer a dynamic work environment that rewards performance and dedication. Given our rapid growth and strong profitability, we are a company rich in opportunity for advancement. Our employees are the best at what they do and it shows in everything they do. We provide competitive salary and hourly compensation, medical and dental insurance, 401k, paid time-off and the opportunity to be a part of a great team.

Responsibilities

The position offered is with Bountiful Glass and will have the following responsibilities:
- Review the plans, specifications and addenda to determine the project scope and requirements.
- Perform jobsite inspections of existing conditions, As-Built conditions, etc.
- Check the specified systems against engineering data for compliance with wind loads and dead load maximums.
- Produce shop drawing and detail drawings using AutoCAD.
- Assemble hardware, door, framing and glass schedules.
- Review required rough openings and schedule with the jobsite superintendent.
- Discuss project execution parameters such as project flags, the schedule and installation with the project manager and field supervisor, to determine and fine tune product selection, specs and detailing.
- Provide support to the architectural community for products, means and methods, color samples, hardware applications, framing system suggestions, etc.

Qualifications

Requirements: A minimum of 2-4 years of experience within the Construction, architecture or related industry. Past experience with AutoCAD is required. An ability to read and understand construction specifications and plans is required. Excellent written and oral communication skills are highly desirable.

Job Type: Full-time
Required experience: CAD Drafting: 2 years
