Disclaimers

WSU is committed to protecting the personal rights of all responsible students by providing an environment free from harassment and other forms of discrimination based upon race, color, ethnic background, national origin, religion, creed, age, lack of American citizenship, disability, status of veteran of the Vietnam era, sexual orientation or preference, or gender, including sexual/gender harassment. Such an environment is a necessary part of a healthy learning and working atmosphere. Unlawful discrimination undermines human dignity and the sense of community WSU seeks to foster.

Students accepted into the nursing program may be exposed to bloodborne pathogens during their time in the program.

All admitted applicants will be required to complete a mandatory background check and drug screening. Admission to the program is contingent upon submission of a satisfactory background check and a negative drug screening. If you have a record of convicted criminal actions, it may affect your eligibility for admission to the WSU nursing program.

Applicants who have been treated for mental illness or substance abuse should discuss their eligibility status with the Utah State Board of Nursing. Acceptance to the nursing program does not assure eligibility to take the RN graduation licensing examination. The Utah State Board of Nursing makes final decisions on issue of license.

Physically challenged and learning-disabled students must register with the disability office prior to starting the nursing program if special assistance is required. Please call 801-626-6413.

Please visit weber.edu/nursefunctreq for the physical requirements of nursing.

Advisement

A faculty advisor is assigned to students once they have been accepted into the program. Prior to acceptance, applicants should direct advisement questions to the enrollment director at 801-626-6753.

Our vision for the School of Nursing is to educate and prepare distinguished nursing professionals who are recognized for excellence and passionately engaged in the profession of nursing.
The Weber State University (WSU) Associate Degree (AS) Nursing Program is designed to prepare graduates for entry-level clinical practice as registered nurses.

Students who have successfully completed the first year of the Associate Degree Nursing Program are eligible to take the National Council of State Boards of Nurses (NCSBN) exam (PN-NCLEX). Graduates of the Associate Degree Nursing Program are eligible for registered nurse licensure upon successful completion of the NCSBN exam (NCLEX-RN).
