RN Intensive Care Unit – Night
Indianapolis, IN

A higher quality job that you can be excited about going to everyday; a cohesive team which provides for a very professional work environment

Schedules are not based on seniority – and the ICU RNs sit as a team in making their schedules

Receive 12-14 weeks of ICU training and mentorship for those who are new to ICU

Due to increase in volume, we are looking for RNs to work in our Intensive Care Unit (ICU)

Excellent advancement opportunities!

No seniority over the schedule; work in a team-oriented department in which the ICU RNs make their own schedule together as a group. They share the holidays, and it is Not based on seniority.

Our Intensive Care Unit (ICU) RNs work around the clock to deliver the best care to our most critically ill patients and their families. Patients in the ICU require constant care and monitoring by medical staff. Our ICU RNs are trained and educated to work with a wide variety of patient diagnoses and must be able to cope with the emotional aspect of working with these types of patients.

Outstanding ICU leadership team:

- **Manager of Critical Care**: began as a new graduate in ICU, and now here for 20 years. A very easy to get along with personality who gives the RNs the autonomy to work together as a team in making their own schedule.
- **Director of Critical Care**: Has excellent rapport with the ICU RNs. Has worked here for 4 years

Shift/Schedule: Full Time Nights; 36 Hours per week (3 12-hour shifts per week)
Salary Range: up to ~$75,000

Plus, Relocation Package, plus $5,000 Sign-On Bonus

Top Benefits package includes:

- Full medical, dental and vision coverage
- Tuition reimbursement eligibility after 90 days – plus, upfront money for certifications
- PTO accrual beginning Day 1, 401K, overtime eligible
- **Provides good flexibility to move shifts within ICU** – you would not have to wait in line with entire organization. ICU RNs have priority in moving shifts within their own ICU team.

Requirements:

- Bachelor or Associate’s degree in Nursing
- Ability to work in a fast-paced environment, utilize quick critical thinking skills, act as a strong patient advocate, and must have at least acute care experience.
