Job Title: Laboratory Technician I

Organization Name: Fresenius Medical Care

No of Openings: 2

Wage/Salary: $12-17 hr. DOE

Job Description: Fresenius Medical Care is the global leader in dialysis healthcare. We support over 150,000 patients, and have over 60,000 employee in North America alone. Working in Global Dialyzer Research and Development presents each individual with amazing opportunities, challenges, and growth! See more of what we have to offer, and what we’re about, at:
https://fmcna.com/

More detail about the role specifics are listed below:
- The technician would be required to prepare dialyzers (artificial kidneys), test solutions, and equipment for daily testing.
- The technician would be required to record and calculate observations, data, and results.
- The technician may perform laboratory experiments and testing in support of group projects.
- Daily set-up, adjustment and operation of instruments and equipment such as: centrifuges, balances, laboratory ovens, UV-VIS spectrophotometers, Roche Cobas c 311 chemistry analyzer, and other various lab equipment.
- Record test results on standardized forms. Prepare graphs and charts.
- Use critical thinking skills to troubleshoot various equipment, testing, or sample problems and issues.
- Clean and/or sterilize laboratory equipment daily.
- Prepare chemical solutions according to standard formulas.
- Maintain a laboratory notebook and applicable data binders.
- The employee may be required to begin their work shift at 6am each workday (M-F).

Qualifications:
- Candidates with a strong understanding of laboratory work and a desire to excel in a science based field are preferred.
- Candidates with an Associate degree in fields such as Medical Laboratory Science, Microbiology, Chemistry, etc. are ideal.
- Persons with previous laboratory experience would also be considered strong candidates.
- Candidates should have a strong work ethic, be willing to learn new skills/techniques related to the position, be able to adapt to rapidly changing work environments, and have a satisfactory understanding of mathematics (algebra level or above).
- Regular attendance and maintaining a good attendance record are essential functions of the job.
- Attention to detail is highly desired.

Application Instructions:
This is a temp-to-hire position. Initial employment would be done through Your Employment Solution. The employee would be required to work 40 hours each week, with the potential for more hours as required/desired. A background check and drug screening are required. Candidates who are interested should email a cover letter AND resume to: Skyler.Boyington@fmc-na.com
