Join Project LIFE!
Literacy Instruction to Further Education
www.weber.edu/projectlife

Are you looking for a way to complete your GED and/or build your literacy skills in order to begin college at Weber State or at the OWATC? Project LIFE is a free course directed by Dr. Gina Shelley with the assistance of Weber State students who work as tutors to help you to complete your GED tests or admissions tests.

If you decide to join, you will be expected to attend each week. I will have a child care facility available if you need to bring your little one with you. Please let me know if you would require this service.

Classes are designed to provide individual tutoring to meet your specific needs. For each week that you attend, you will be entered into a drawing for a chance to win the grand prize of a new Chromebook laptop on the last day of class. As an active member of the class, the costs for the GED practice tests and official exams will be covered. For those preparing for Weber State or OWATC/DATC, you can earn a one-time $500 scholarship towards tuition for your first semester.

Class time: 4:00-5:30 PM every Wednesday
Class start: Wednesday, January 18th
Class ends: Wednesday, April 12th
Classes are held at: Weber State University's Community Education Center
2955 Harrison Blvd. in Ogden

Driving Directions: It is in the lower level of the United Way/Red Cross building. Park behind the building and enter through the lower doors.

*To reserve your spot, turn in the application, or contact Dr. Shelley by phone, email or text.
Seats are limited in this program.
