Membership dues are a one-time fee of $15.00. Students should pay their dues at the cashier’s office in the Student Services building. When you pay your dues give the cashier the following information: Account #991815, detail code SD55, and your W#. Once you have paid your dues, return the receipt from the cashier and this completed membership application to Dr. McGillivray (room 368), or the Psychology Department office (room 370). Chapter dues help to fund the club’s various academic, research and social activities. If you become a member of Psi Chi after gaining membership to the Psychology Club, you will only have to pay the one-time National dues for Psi Chi. For more information about club activities, contact a club officer in our chapter office (room 307) or visit our Facebook page: www.facebook.com/WSUPsiChi

Thank you for joining Psychology Club
