PROJECT INFORMATION SHEET

Title of Study:  Context-Dependent Memory: Effects of Color and Lighting

Experiment Open Date:  March 14, 2016  Experiment Close Date:  April 15, 2016

(IRB) Approval Number:  16-SS-106

Participation Credits:  2 credits

Time (duration):  Approximately 20 minutes

Brief Description of Study:
Each participant will be presented a list of words in a room that differ in their lighting (either red lighting or normal lighting) and will be later asked to recall the words.

Participation Criteria
Students between the ages of 18 to 70 may participate in this study.

Location
The study will take place in SS room 347. Please see the sign-up sheets posted with the clipboard on the Psychology 1010 Research board for specific dates/times.

Researchers:
Dr. Shannon McGillivray (psychology department)
Hollee Gehrett (psychology student)
Jhonny Yovera (psychology student)
Hamneet Sidhu (psychology student)

Questions?
Please contact Dr. Shannon McGillivray at smcgillivray@weber.edu if you have questions. Please include the Study Number in the subject line of the email.
