PROJECT INFORMATION SHEET

Title of Study: Sex Education and Attitudes about Sexuality

Experiment Open Date: March 14, 2016  Experiment Close Date: April 15, 2016

(IRB) Approval Number: 16-PS-02

Participation Credits: 5 credits

Time (duration): Approximately 1 hour and 15 minutes

Brief Description of Study:
If you agree to be in the study, you will do the following things:
   Observe a 45 minute comprehensive sex education presentation
   Complete a brief survey asking about your various attitudes and opinions regarding sex and sexuality, which should take approximately 15-30 minutes
While the comprehensive sex education presentation does not show explicit material, it does contain sensitive material regarding sex, contraceptives, sexually transmitted infections (STI’s), and topics of sexuality. In addition, you will be asked to indicate your opinion regarding aspects of sexuality. If you are uncomfortable with this type of information, you should not participate in this study.

Participation Criteria:
Students between the ages of 18 to 70 may participate in this study.

Location:
The study will take place in either room SS 325 or 337, depending on the day/time. Please see the sign-up sheets posted with the clipboard on the Psychology 1010 Research Board for specific dates/times/locations.

Researchers:
Dr. Shannon McGillivray (psychology department)
Tess Kendall (psychology student)
Juli Christopher (psychology student)
Cory Albrechtsen (psychology student)
Hayley Tomney (psychology student)

Questions?
Please contact Dr. Shannon McGillivray at smcgillivray@weber.edu if you have questions. Please include the Study Number in the subject line of the email.
