Title of Study: Beliefs Toward and Understanding of Evolution

Experiment Open Date: Feb. 19, 2016  Experiment Close Date: April 4, 2016

(IRB) Approval Number: 16-PS-01

Participation Credits: 3 credits

Time (duration): Approximately 45 minutes

Brief Description of Study:
This study will include multiple surveys regarding the theory of evolution as well as reading educational articles and watching educational videos. During the educational videos, there is brief cartoon simulated and censored sexual intercourse, which may make some individuals uncomfortable. You will be asked to complete questions regarding your general demographics and religious background.

Participation Criteria
Students between the ages of 18 to 70 may participate in this study.

Location
Participants will meet in the computer lab specified on the sign-up sheets attached. Online students will be given a link from their professor to complete the study.

Researchers:
Dr. Aaron Ashley (psychology department)
Hendrik Ombach (psychology student)
Eric Trost (psychology student)

Questions?
Please contact Dr. Aaron Ashley at aaronashley@weber.edu or Hendrik Ombach, hendrikombach@weber.edu, if you have questions. Please include the Study Number in the subject line of the email.
