Online reviews are crucial in today's market place. Catapult My Business provides an automated system for businesses to connect with their customers to get reviews and testimonials. To see how needed reviews are in the marketplace, go to Google and type in "dentists", "carpet cleaning" or "car repair". Next, under the local listings, click on "More dentists" etc. Take a look at how many businesses have no reviews or just 1 or 2. Also notice how many have less than 15 reviews. Businesses that don't start getting reviews are going to be left behind. Also those who start now can lead the competition. Our goal is to drive more customers to businesses by increasing online visibility through quantity and high quality reviews.

We are looking for sales reps in Weber County , Davis County, SLC and Utah County.

JOB DESCRIPTION

Do you look at reviews before you buy items on Amazon, find a local restaurant or business? Do you believe businesses need to keep up with technology or they will become obsolete? Do you enjoy selling technology products to businesses that will truly benefit them? Are you the kind of person who loves the intersection of marketing and technology? If you said "yes" to at least one of the above, this job may be for you.

With this position, little to no experience is required - just a high aptitude for selling. This position is being created because the company is ready for growth. Opportunities to grow with the company and increase in income and plentiful for the honest hard worker.
