How long will I be student teaching?

All programs require the student to teach 60 days. Additional time may be necessary if you have missed more than 3 days in your schedule. Beginning and ending dates will be determined by the Coordinator depending on the individual school district calendar for the year. Please see your placement letter for exact timelines.

✓ All student teachers are required to teach the minimum amount of teaching days in order to meet their student teaching requirement.

After you have successfully completed the minimum number of student teaching days, you are then finished with the student teaching field experience. This will be determined by your University Supervisor(s), Mentor Teacher(s), and the Student Teaching Coordinator.

**PLEASE NOTE: If it is determined that additional time and experience is recommended, you may be required to extend your student teaching experience as needed.**
