## Associate of Applied Science in CHEMICAL TECHNICIAN Graduation MAP

This is a suggested plan. Meet with an academic advisor to create a specific plan that best fits your academic needs. Remember, taking an average of 15 credit hours per semester facilitates timely graduation.

## Notes:

- NEED 63 TOTAL CREDIT HOURS TO GRADUATE WITH AAS.
- Students who have math deficiencies will require additional semesters to graduate. It is recommended that Gen Ed courses to be taken during summer semester to accommodate remedial MATH and ENGLISH courses.
- Since this is a science major, the course requirements are very rigid. Major courses are prioritized over Gen. Ed. Courses.
  Significant deviation from the MAP will likely result in additional semester required to graduate.
- See WSU Catalog for prerequisite requirements & elective course options.
