

Graduate Certificate in Special Education Teaching and PRIME*

Graduation MAP

This is a suggested plan. Meet with an academic advisor to create a specific plan that best fits your academic needs. Remember, taking an average of 5-9 credit hours per semester facilitates timely graduation. Please note that there is a sequence to these courses, and they are only taught once a year.

Notes: The only acceptable advisement in the GCT program will be done by the program's administrative assistant or the program director.

Please be advised that this map is one of the quickest ways to complete the GCT in Special Education Teaching. It is, by no means, the ONLY way to complete the program. Please see an advisor for alternative plans.

Once the program is completed, you may ask to be admitted into the MED program. All coursework must be completed within six years based on the first semester of coursework.
