If you can check each of the left-hand column blanks, you are qualified to apply to the program!

_____ Have you applied to Weber State University (may be done online at weber.edu)?

_____ Is your college/university overall cumulative GPA at least 2.5?

_____ To be eligible to apply, you must be able to check one (1) course from one of the two Science Options listed below, showing you have completed the course with a grade of ‘C’ or higher. *Required courses within the Science Option must be completed prior to starting the program:*

**Science Option 1**
- HTHS 1110
- Int Human Anat/Physiology I
- HTHS 1111
- Int Human Anat/Physiology II

**Science Option 2**
- (optional) ZOOL 2100 Human Anatomy
- ZOOL 2200 Human Physiology
- Chemistry 1010 or Gen Ed Chem
- Microbiology 1113

_____ To be eligible to apply, you must be able to check two (2) of the following Support courses, showing you have completed the course with a grade of ‘C’ or higher. *All Support courses must be completed prior to starting the Respiratory Therapy program:*

- REST 1540
- English 1010
- HTHS 2230 Pathophysiology
- ~Best to take HTHS 1110 then 1111 OR ZOOL 2100 then 2200 before HTHS 2230

_____ To be eligible to apply, you must be able to check one (1) of the following Math requirements:

- Math 1010 or 0970 with a grade of ‘C’ or higher within the last 2 years;
- Math QL (1030, 1040 or 1050 – only one of the three) with a grade of ‘C’ or higher (There is no expiration for Math QL);
- ACT Math score, ALEKS score or WSU Accuplacer College Level Math (CLM) score with placement into Math QL within last 2 years.

_____ Submit a complete application by the deadline. The online application is available at weber.edu/resptherapy

Only apply to one program, during the application cycle.

**Once I am qualified to apply, how do I improve my chances of getting accepted?**

- Complete as many Science Option and Support courses prior to applying, with a grade of ‘C’ or higher. The more you have completed prior to applying, the more consideration you will receive.
- Complete an AS/AA or BS/BA degree from any regionally-accredited institution.
- Although first-time applicants may be accepted into the program, additional consideration will be given to previously qualified applicants.
- Complete a mock interview with Career Services 801-626-6393 to prepare for the group interviews.
FREQUENTLY ASKED QUESTIONS

How do my credits transfer from other institutions?
You may visit our online transfer guide at weber.edu/transferguide for a list of courses from other regionally-accredited colleges/universities and show how those courses transfer to Weber State University.

Is there a time limit to how old my courses can be?
There is no expiration for any other prerequisite courses; however, if students stop at Math 0950, 0990, 0970 or 1010, and do not fulfill Math Quantitative Literacy (QL), Math will expire after two years per WSU policy.
Once a student completes the Math QL requirement, there is no expiration.
For Math Placement information http://www.weber.edu/placement/math.html

What should I take? First priority should be the applicant checklist; second priority should be the general education requirements and completing an AS Degree, third would be working on Upper Division (UD) elective hours (3,000+) needed for the BS Degree.

Do I need letters of recommendation? 
No. The department does not ask for letters of recommendation. The online application consists of a fee, unofficial transcripts from all colleges and universities (including WSU). If students complete the CNA or EMT course or certification in place of REST 1560, proof of this needs to be uploaded.

What should I expect once I’m accepted into the program?
You will have lab and class three times a week and clinical hours twice a week at your assigned facility. Clinical sites are assigned to you by the department and range from Logan to South Salt Lake for the Ogden and Davis programs, and clinical sites for the Salt Lake program will range from Salt Lake to Provo. The length of the program varies by location.

Are there night courses available?
The prerequisite courses may be done at night or online; however, the Respiratory Therapy program is taught during the day. You will need to be available from 8:00-5:00 Monday thru Friday for the program.

For additional questions on application requirements or any other Pre-Respiratory Therapy concerns, please contact the Dumke College of Health Professions Admissions Advisement Office. An advising video is also available online to go over the applicant checklist: weber.edu/CHP/College_Pages/respentrylevel.html
