Please Post for Your Students
Kleinfelder’s Taylorsville (Salt Lake City) UT office is looking for Flex-Time Construction Materials Testing (CoMET) Laboratory Technicians to join our team.

This is a Flex-time position with hours anticipated to be 20 hours per week or less and variable.

Kleinfelder has been connecting great people to the best work since 1961. We are engineers, scientists, and construction professionals providing solutions that improve our clients’ transportation, water, energy, and other private infrastructure. As a responsive, cross-disciplinary team of bright, curious, and innovative problem-solvers, we are dedicated to doing the right thing, every day, on every project from over 60 offices in the US, Canada and Australia.

Built on a foundation of excellence, Kleinfelder is committed to client-focused solutions. Through our depth of experience and thorough understanding of environmental, regulatory, economic, and civic conditions, we identify and address challenges with innovation and common-sense. Kleinfelder’s integrated, award-winning experts collaborate with clients to meet their objectives - from project inception through design and execution. Connecting great people to the best work is our purpose – together, we deliver.

You will have the opportunity to work on challenging and technically complex projects, be part of a team of dedicated professionals providing quality service to our clients.

This position will perform routine laboratory tests, under the guidance of senior staff for purpose of verifying conformance to construction plans and specifications. The ideal candidate will prepare daily reports and data sheets and may be called upon to perform various tasks at the discretion of the supervisor and may include time in the field. Training will be provided.

Experience:
- 0 - 1 years of CoMET experience required. This is an entry-level position.

Certifications (desired):
- ACI concrete strength testing
- ACI field certification

Must have a professional work ethic, willingness to learn, and attention to detail

Valid driving license, clean driving record, proof of insurance, and the ability to pass a drug test required

General knowledge of MS Office including Word, Excel and PowerPoint preferred

Minimum High School diploma or equivalent required. Desired will be individuals currently in school pursuing an engineering degree or related
Kleinfelder is an Equal Opportunity Employer – Minorities/Women/Disabled/Veterans
(Compliant with the new VEVRAA and Section 503 rules)

Please ask students to submit their resumes via www.kleinfelder.com under Careers and Career Search Req No 50863

Thank you
