When you sign below you are agreeing to the following:

1. I am requesting an override so that I may register for the following Math 0950 and UNIV 1105 cluster. I understand that I will be allowed into pre-determined sections of courses grouped to create a learning community of students. I will register myself for both classes according to the email sent to my weber email (accessed through your student portal).

2. Although any student can register for MATH 0950, I understand that it's important to know my accurate math placement so I take the most appropriate class. You can find out more about placement at: http://weber.edu/placement.

3. I understand that I need to attend the exact sections for which I register as indicated on my schedule. (Some of the clusters are made up of courses with the same title, but with different schedule information [day, room, and instructor]--we don’t want you to accidentally go to the wrong section of the right course.)

4. I understand that this is a learning community and that if I drop one of the classes from the cluster, I will be dropped from the entire cluster.
