HONORS ECCLES FELLOW PROGRAM

The Honors Eccles Fellows Program encourages faculty to develop their teaching and scholarly interests through teaching in the Honors Program. An Eccles Fellow develops and teaches a new class on a topic related to their scholarly interests. Eccles Fellows are compensated with 3 hours of teaching time and 3 hours of release time to pursue research related to the class.

Application Process:

- Submit a proposal to teach an HNRS 3900 Seminar class, either individually or with one other colleague;
- Strong preference will be given to interdisciplinary classes with a subject connection to faculty research interests;
- Weight will be given to classes that contribute to both the Honors Program and to the larger Weber community;
- A single proposal should be submitted for team-taught classes.

Please note:

- Release time should be taken the same year the award is given.
- The class should be a new preparation;
- Eccles Fellows are encouraged to use their HNRS 3900 class as material for presentations and publications;
- Department Chair(s) must agree to release the Eccles Fellow for both teaching and release time;
- Eccles Fellows may not teach overload in the semester they take release time;
- Eccles Fellows are urged to participate in Honors events;

Eccles Fellows are selected by a committee of former Fellows, the Honors Faculty Advisory Board, and the Honors Director. A Fall Fellowship and a Spring Fellowship will be awarded.

*Applications are due by 4 pm the day before Fall Break.*

*See page below for application.*
HONORS ECCLES FELLOW PROGRAM APPLICATION

Applicant: ____________________________  Co-applicant: ____________________________
Extension: ____________________________  Extension: ____________________________
Department: ____________________________  Department: ____________________________
Email: ____________________________  Email: ____________________________

Please submit a proposal describing the following:

1. The proposed class including a detailed course syllabus;
2. How the class relates to your research, including copies of or references to any of your publications in this area;
3. How the course contributes to the Honors Program and the Weber State University community;
4. How the Honors Eccles Fellowship can contribute to your research.

I, ____________________________ (Department Chair), support this application for an Honors Eccles Fellowship. I agree to reimbursement from the Honors Program for the Fellowship, and will not assign overload classes to this faculty member when s/he takes the related release time.
