WE NEED YOU

The Weber-Morgan Medical Reserve Corps is ramping up efforts to increase the number of available volunteers to assist in COVID-19 medical response. Faculty & student volunteers in all areas of health professions are needed. WSU will be on the front lines of implementing medical counter measures when they become available. Sign-up information is listed below. Please note the following information:

- Signing up does not obligate you to any particular service activities.
- Email requests will be sent to registered volunteers. Individuals can choose when & where to be involved.
- MRC Missions may include activities such as mass distribution of medicines / vaccines, participating in phone banks with scripted information, etc...
- MRC Activities will have a positive impact on you, your family, and your community.

Please join our team!
