REGIONAL NETWORK
THE BEST NURSING OPPORTUNITIES DON’T LIMIT THEMSELVES TO INSIDE A HOSPITAL.

Especially when you work for University of Utah Health Regional Network, LLC.

We’re a collection of eight hospitals in the Mountain West offering nurses amazing opportunities in Wyoming, Utah, Idaho, and Nevada.

Here, nursing in the Mountain West is not just a job — it’s a lifestyle that rewards your need to explore the outdoors and feed your adventurous side.

We’re ready to help you make the move West, with:

- Effective nurse retention programs focusing specifically on nurses at the bedside
- Career development
- Business and leadership education
- Clinical integration with all of the members
- Movement opportunities within the hospitals

We’d love the opportunity to discuss ways we can work together.

Visit our Facebook page: Why I Nurse The West, and Instagram: @whyinursethewest — to see what you could be doing this weekend.
