V. Dr. Randy Boyle, Associate Professor of Management Information Systems, gave a faculty report on the information tech programs WSU offers and the types of tech jobs in high demand. The highlight of his presentation was the recent partnership between Weber State University and the Heinz College of Information Systems and Public Policy at Carnegie Mellon University. This partnership offers huge benefits to WSU students.

VI. Dr. Brenda Kowalewski, Associate Provost and Professor of Sociology, gave a brief presentation on the digital literacy initiative and how it benefits students. Included in her discussion were different pilots in which the program is engaged.

VIII. President Brad Mortensen gave an update on higher education. His report included that the legislature had, in their base budget bills, $87 million for capital project funding.    3. International Economics
   4. Localization (minor)

Upon a motion by Ms. Karla Bergeson to discontinue the three current programs, approve the new academic program names, and approve the localization minor, with a second by Mr. Jordan Slater, the motion carried unanimously.

PPM Changes:
   1. PPM 11-1 Graduate Programs – puts WSU in compliance with the Northwest Accrediting Agency rule.
2. PPM 3-25, V1 One Course Reduction for Tenure-Track Faculty. A one sentence deletion in the PPM prevents the list from needing Board of Trustees approval for this type of low level decision-making.

3. PPM 4-2 Catalog Requirements – Changes to this PPM add a provision concerning certificates and completion dates based on the newest catalog.

4. PPM 6-3 Registration Dates and Deadlines. This change gives clarification to the withdrawal policy.
