

Weber State University's School of Radiologic Sciences

Cardiographic Technician Certificate

- Healthcare Career
- Robust Job Market
- Credentialing Preparation
- Hands on Training
- Learn from Experts
- Evening Classes

A Certified Cardiographic Technician is a healthcare specialist with expertise in conducting ECGs, Holter monitoring, stress tests, and procedures pertaining to the cardiovascular system. They collaborate closely with nurses, physicians, and other healthcare professionals to assist in the diagnosis, treatment, care, and recovery of patients with health-related conditions.

The Cardiology Technician Proficiency Certificate (EKG) prepares students for the Cardiac Credentialing International (CCI) certification in both Cardiographic Technician and Rhythm Analysis.

Classes will be held Tuesday evenings starting August 26, on campus at the
WSU School of Radiologic Sciences, Marriott Health Sciences Building.

RADT 1012 - Cardiographic Technician - 3 credits (CRN 25341)

RADT 1013 - Rhythm Analysis - 3 credits (CRN 25344)

RADT 1014 - Basic Cardiac Imaging - 3 credits (CRN 25345)

RADT 1025 - Limited Patient Care and Assessment - 2 credits (CRN 25346)

Must Register for all 4 classes.
