

Weber State University's School of Radiologic Sciences

Cardiographic Technican Certificate

- Healthcare Career
- Robust Job Market
- Credentialing Preparation
- Hands on Training
- Learn from Experts
- Evening Classes

A Certified Cardiographic Technician is a healthcare specialist with expertise in conducting ECGs, Holter monitoring, stress tests, and procedures pertaining to the cardiovascular system. They collaborate closely with nurses, physicians, and other healthcare professionals to assist in the diagnosis, treatment, care, and recovery of patients with health-related conditions.

The Cardiology Technician Proficiency Certificate (EKG) prepares students for the Cardiac Credentialing International (CCI) certification in both Cardiographic Technician and Rhythm Analysis.

Classes be held Tuesday evenings starting January 9 on campus at the Weber State University, School of Radiologic Sciences, Marriott Health Sciences Building

RADT 1012 (CRN 38100) - Cardiographic Technician - 3 credits

RADT 1013 (CRN 38101) - Rhythm Analysis - 3 credits
