May 28 E-Update

Happy Summer!

**Staff Updates:** Please join me in welcoming Kris Parham, State GEAR UP. Terra Clarke, Tim Nguyen and Dharma Sawyer left WSU to pursue other opportunities.

**Veterans Services** will be having an open house on **Thursday, May 29, 2014** from 12-2 p.m. at their new location in Annex 5 (formerly Parking Services). **Upward Bound** also moved to a new location (officially called Annex 3), 3660 Birch Street, which is 2 houses north of Edvalson St. Stop by to see their new digs!

**Sustainability.** I thought you’d be interested in some information that President Wight recently sent to donors about all the sustainability initiatives happening on campus: [http://alumni.weber.edu/controls/email_marketing/admin/email_marketing_email_view.aspx?sid=953&eiid=712&seiid=341&usearchive=1&puid=4c81cc68-d24c-4434-a265-2d41c3053a24](http://alumni.weber.edu/controls/email_marketing/admin/email_marketing_email_view.aspx?sid=953&eiid=712&seiid=341&usearchive=1&puid=4c81cc68-d24c-4434-a265-2d41c3053a24). In addition, here’s a link to the latest sustainability newsletter: [https://apps.weber.edu/wsuimages/environment/Newsletters/April2014.pdf](https://apps.weber.edu/wsuimages/environment/Newsletters/April2014.pdf). Congratulations to Breauna Mack with Sodexo for being awarded the WSU Sustainability Spotlight. And speaking of sustainability, the WSU community garden is now located behind Wildcat Village.

**Diversity Fact:** Did you know that in 2013 more than 90% of WSU students felt our campus was welcoming and respectful? However, within the past year or so 8% of students reported experiencing discriminatory behavior on campus. If you would like to know more about student perceptions of diversity on campus, check out the results from the 2013 Campus Climate Survey at [http://www.weber.edu/SAAssessment/surveys.html](http://www.weber.edu/SAAssessment/surveys.html). These data may be helpful as you set your diversity and inclusion goals for the new academic year.

**Tech Trivia:** If you use Internet Explorer, make sure that your automatic updates are not turned off! Having auto updates on will allow you to stay protected from new viruses as Internet Explorer creates patches for them. To turn on Automatic Updates:

1. Click Start, and then click Control Panel.
2. Depending on which Control Panel view you use, Classic or Category, do one of the following:
   - Click System, and then click the Automatic Updates tab.
   - Click Performance & Maintenance, click System, & then click the Automatic Updates tab.
3. Click the option that you want. Make sure Automatic Updates is not turned off.

Contact the STAs if you have any questions x8628. Follow Student Affairs Technology on Facebook to get helpful tips and win prizes! [https://www.facebook.com/WSUSAT](https://www.facebook.com/WSUSAT)

As always, please send Marlen or me your suggestions or ideas for future Division E-Updates

**Reminders:** This year’s Employee Performance Reviews or PREPs should be completed by **May 31**.
