

Academic Affairs

- Context:
 - Legislative bills
 - Shifting learner landscape and enrollment cliff
 - Student and employer value proposition
 - Budget challenges
 - AI and other emerging tech
 - NWCCU and other accreditation feedback
 - Faculty and student mental health

Academic Affairs

- Strategies
 - Develop academic infrastructure to meet the needs of “all” students.
 - Align performance with resource needs within the context of shifting budget landscape and capacity assurance needs
 - Provide enriched student experience that fosters increased academic and professional growth
 - Address campus resilience in light of legislative and budget constraints.

Academic Affairs

- Current year initiatives
 - Gen Ed revamp and (possible) IA impact
 - Integrated FY experience with focus on gaps
 - Rollout of CUBE and other PLA like initiatives
 - HSI strategic plan and enrollment and retention outreach
 - Program innovation: sub-120 pilots, GS degree, TRU, other
 - Curricular analysis of academic offerings
 - Faculty and staff development initiatives
 - Faculty-student immersive experiences
