TRANSITIONING TO VIRTUAL INTERNSHIPS

In light of COVID-19 more and more employers are making the transition to Virtual Internships. Here are some tips for helping you make the switch.

1. QUESTIONS TO CONSIDER:
   • Will the student be able to complete set internship objectives from a remote/virtual environment?
   • If not, what adjustments could be made or what alternative projects or assignments could the student work on instead?
   • What kind of technology or equipment will you need for the student to work remotely/virtually?
   • Will your provide this equipment, or does your intern have access already?
   • What means will you use to keep track of your interns hours and projects and how will you communicate regularly?

2. SUCCESS IN VIRTUAL INTERNSHIPS:
   • Set expectations, agree on clearly defined projects, timelines, and means of communicating regularly
   • Use virtual project management tools for communicating and tracking project progress
   • Create and maintain a system for tracking and logging hours worked
   • Interns are most successful when communication is consistent and feedback is regularly given.

3. VIRTUAL RESOURCES:
   • Video conferencing – GoToMeeting, ZOOM, FaceTime, WebEx, Hangouts...
   • Project management – Asana, MSProject, Monday.com, Slack, Drive...
   • Cloud file management – DropBox, Box, Google Drive...

R.E.A.L. Projects
Real Experience Applied Learning

R.E.A.L. Projects is a 3 credit course designed to provide students the opportunity to participate in a project based internship experience without ever having to leave campus.

Go beyond the interview -
Test drive a interdisciplinary project team of 4 students for a whole semester.

Gain valuable deliverables without having to pay overhead -
This workforce is virtual, allowing any and all companies to submit projects, no matter your location.

The goal -
To produce recommendations, results, or deliverables for company clients. Students meet 6 times in class for training and instruction each semester, and work outside of class 7-9 hours a week, with their team to complete a project.

Project proposal deadlines -
• Fall Semester: August 1st | Spring Semester: December 1st

Submit your project proposal at

We have been fortunate to have some great interns from WSU work for us at Fastenal. We have our interns working on projects that span sales, business, communications, and marketing.

- Matt Porter District Manager
Fastenal | Ogden, UT

“Utah Symphony | Utah Opera loves our Weber State interns. They are top of the top and appreciate the clear preparation from their professors and counselors as they work with our organization and are prepared for real world tasks and not just grabbing coffee and making copies!”

- Melissa Robison Front of House Director
Utah Symphony | Utah Opera | Salt Lake City, UT

“My internship allowed me to use my creativity and develop new skills. I cultivated my graphic design skills as I created web pages, flyers, video and more for the organization. My communication skills increased as I gave company presentations, clearly communicated with clients and managed projects. My internship helped the company improve visual branding and internal communication, and was crucial in my professional development.”

- Kylie Harris Weber State Student
College of Arts and Humanities Career Mentor Intern | Weber State

“Internships are essential for gaining experience in the event management industry. I managed and planned events for local government, a non-profit organization, and business corporations. Each of these internships refined my skills, and benefitted the organization with increased production and smooth event execution.”

- Kyle Hole Weber State Student
Layton City | Utah Symphony

“I have hired 5 interns over the past 5 years. Without exception, I have found these students excited to be here, well prepared, and ready to work.”

- Rob Smith Purchasing Manager
Petersen Inc. | Ogden, UT
