Weber State’s Engaged Learning Series (ELS) is a university-wide series of events and programs designed to engage students, faculty, staff and the community in discussion, debate, dialogue, learning and action around an issue of public concern.

This year’s theme — “Matter of Fact?” — challenges you to consider what is fact and what is opinion, where to find credible and reliable information and why science and history matter.

Get involved in our discussions and debates, learn the facts and take action!
