TEACHER TWILIGHT SERIES
presents
BUILDING AND REINFORCING
EFFECTIVE STUDENT GROUPS

Guest Presenter
Timothy Herzog,
WSU Department of Chemistry & Biochemistry professor
and POGIL southwest regional coordinator.

October 4th, 2018
4:30 p.m. - 7:30 p.m.
Tracy Hall Science Center
Room 234

Process Oriented Guided Inquiry Learning (POGIL) is a pedagogy that focuses on the development of process skills like critical thinking and communication through guided inquiry activities and an emphasis on effective group structure and facilitation. We will model this structure throughout the workshop so participants can experience this first hand.

Dinner will be provided
