Evaluations

Students, please help Developmental Mathematics assess the quality of their courses and program by completing the end of semester evaluations. The evaluations will be open until 12/9/12. To take your evals please go to: http://chlester.weber.edu You can access the evaluations from any computer outside of the HUBs or classrooms.

BEAT THE RUSH. FINISH EARLY.

Be prepared for the Hubs to be very busy at the end of the semester. Plan ahead. Get as much done as you can now to avoid stress at the end of the semester. Don’t forget -- the last day to do homework, quizzes, or comprehensive tests in the hub is Saturday, December 8th. Only final exams will be proctored during final exam week (Dec 10 – 13). Of course, you can take your final exam before finals week, as soon as you complete all of your modules.

Welcome to MyMathLab for Beginning and Intermediate Algebra, 4/e, by Margaret L. Lial!

Before you begin working:

- IMPORTANT: Run the MyMathLab Browser Check to make sure you have all the components you need to view the exercises and multimedia in your course.

- Watch the How to Enter Answers Using the MathXL Player tour for guidance on entering math notation when you’re working on a homework assignment, quiz, or practice exercise in MyMathLab.
Check here for announcements from your instructor.
Access important documents here, including:
- Instructor contact info
- Course schedule
- Course syllabus
- Graph paper
Access tools like your gradebook, videos, and study plan here.
Find out how busy the hub is here.
Watch this video to learn how to enter your answers for homework, quizzes and tests.
Instructions for how to work on a module

Welcome to MyMathLab for Beginning and Intermediate Algebra, 4/e, by Margaret L. Lial!

Before you begin working:

- **IMPORTANT**: Run the MyMathLab Browser Check to make sure you have all the components you need to view the exercises and multimedia in your course.

- Watch the How to Enter Answers Using the MathXL Player tour for guidance on entering math notation when you're working on a homework assignment, quiz, or practice exercise in MyMathLab.
