

Choose Your Math Path

Weber State University

This document is a brief summary. Consult with an advisor for detailed information.

R.E.A.L Path

Real-world Explorations. Active Learning

Ideal for students who want to know the practical value of math and the “why” behind the steps of doing math.

Tech Path

Computer-based Instruction

Ideal for students who are comfortable learning math procedures on a computer with a teacher as a guide.

R.E.A.L
