1. ROLL CALL

2. Approval of minutes from April 11, 2019 meeting. Approved as corrected.

Information Items

3. Administrative Update – Norm Tarbox, Administrative Services Vice President
   In the past WSU has delegated full administration of retirement funds to TIAA; now they are one vendor in a field of vendors. WSU’s new consultant is Cammack. A WSU retirement committee has been established. The current funds have been recommended by TIAA, Cammack has recommended that the investment lineup be revamped and include a maximum of 24 options, this would reduce duplication in investment sectors. Formal, comprehensive communication will come to employees from TIAA, hopefully in October. Opportunity will be given for employees to redistribute their funds, if they do not choose to do their own redistribution then mid-November the funds will be rolled from the old model into the new model.

4. Faculty Athletics Update – Craig Oberg, Athletics Faculty Representative
   The new Athletic Director, Tim Crompton, was introduced; Ryan McGinn remains the Academic Athletic director. All teams maintain above the required 930 multiyear APR score which means no NCAA penalties. NCAA revenue sharing will start this coming year. The money will go back to institutions based on academic achievement. If athletic students graduate at 13% greater rate than the institution’s rate the college receives the money, and WSU will receive this money this year.

5. Internationalization Strategic Planning Process - Yimin Wang, WSU Senior International Officer
   Last year the Internationalization Task Force gave suggestions on internationalization for WSU. Two really good suggestions were made, one is to form an Internationalization Advisory Board and the other is to have an Internationalization Strategic Plan. An overview of the four phases of the WSU Internationalization Strategic Plan was given. Currently colleges need to share their stories regarding internationalization within their college. (video, audio, paper) This will be done via a Canvas platform. There is not a tightly structured format for this so that colleges can record these in any manner that works for them. This story sharing will create a unique WSU international narrative. Then a strengths, weaknesses, opportunities and threats (SWOT) analysis will be done. In phase three a strategic planning committee/advisory board will be established. They will work on making an internationalization mission, vision and strategic plan. Once these are finalized and approved by the President’s Council, the committee will develop an implementation/action plan as well as an assessment plan.
