

Medical Technologist

Gunnison Valley Hospital – Gunnison Utah

Gunnison Valley Hospital is looking for an MT or MLT to join our Laboratory team. The right candidate will be an experienced generalist with microbiology skills (reading plates and performing ID's and sensitivities) who enjoys working independently. This position also requires competence in blood banking and the ability to obtain venous, arterial, and capillary specimens.

Our ideal candidate must possess a comprehensive range of laboratory knowledge and skills, and be able to adapt and learn new skills quickly and without hesitation. This is an excellent opportunity for someone looking to expand their laboratory skills.
