Psychology Practicum: Spring 2022

- **General Requirements-**
  - 18 Psychology Credits (3 from PSY 1010). Note additional course requirements specific to each site below.
  - PSY GPA of 3.0 or higher

- **Disability Services** - (Supervised by Melinda Russell-Stamp & María Parrilla de Kokal)
  - Students will gain experience working with university, junior high, and high school students with diverse backgrounds. Opportunities to pursue areas of interest include peer mentoring, research, and outreach to students in the public schools. Students will learn about the intake, assessment, and accommodation process by providing support in the Disability Service office at WSU. Training will be received on laws related to disability (ADA, FERPA, Section 504), QPR Suicide Prevention, and the DSM-5. It is helpful if students have taken 3010 or 3020.

- **WSU Counseling Center: Outreach Team** - (Supervised by Teri Kay)
  - Practicum students will facilitate support groups, psychoeducational groups, and/or one-on-one support chats with students. Additional outreach opportunities such as leading outreach activities and distributing promotional materials may be required. Prerequisite requirement include PSY 2020 and PSY 3010.

- **School Counseling (St. Joseph)** - (Supervised by Melinda Russell-Stamp)
  - Work with 9th and 10th grade students on goal-setting, career exploration, and college planning. Provide guidance to students on course registration and standardized testing (ACT/SAT). Practicum students will learn about the role and functions of a secondary school counselor.

- **Ogden Treehouse Children's Museum: Child Development** (Supervised by Cade Mansfield)
  - Students will witness various aspects of child learning as well as social-emotional family processes. Students will gain an appreciation for research strategies used to study child development. Students will meet regularly with Dr. Mansfield to discuss research on child development and their observations at The Children's Museum. The Tree House museum would like students to wear masks on site.

- **Process**
  - Complete and return application to the Psychology department secretary (room-379) or email to melindarussellstamp@weber.edu by **Monday 11/15/2021**.
  - Interview with faculty (we'll schedule this with you).
  - We let you know if we can offer you a Practicum placement.
  - Complete a background check (after you are offered a site). This is for sites that involve work with children and adolescents.
  - You will need a registration override in order to register for Practicum. Please see Mickey for assistance.
