Psychology Practicum: Spring 2020

- General Requirements-
  - 18 Psychology Credits (3 from PSY 1010). Note additional course requirements specific to each site below.
  - PSY GPA of 3.0 or higher

- Practicum on Resilience & Disaster – (Supervised by Melinda Russell-Stamp & María Parrilla de Kokal)
  - Students will learn about the impact of disaster on communities and more importantly about factors that build resilience in children/adolescence. Students will review the literature in these fields and implement resiliency interventions for youth locally and abroad (Puerto Rico). Students should have taken Child and Adolescent Psychopathology, Child Psychology, OR Adolescent Psychology prior to starting the practicum.

- WSU Counseling Center: Outreach Team – (Supervised by Teri Kay)
  - Work with staff to develop and implement outreach services to the WSU student population. Outreach Team members inform students about stress management, treatment options, and other mental health topics at presentations and table events. Major events include Mental Health Awareness Month in the fall and the Relaxation Fair in the spring. ***A separate application must also be submitted by noon on 11/8/2019. Please go to [http://www.weber.edu/CounselingCenter/undergraduate-field-practicum.html](http://www.weber.edu/CounselingCenter/undergraduate-field-practicum.html) for the application and directions.***

- Ogden Pride - (Supervised by Teri Kay)
  - Plan for and help lead youth meetings that occur at 4:00-6:00 pm on the 2nd and 4th Wednesdays of the month. Students must be able to attend these meetings. Additional duties include planning at least 1 social activity per month and regular supervision meetings with Dr. Kay

- Teaching Assistant – (Supervised by Leigh Shaw)
  - Meet weekly with Dr. Shaw to review research on the teaching of psychology. Attend a professor's PSY 1010 class and provide weekly study sessions to those students. Must have taken PSY 1010 within the last 5 years with a grade of at least A-

- Ogden Treehouse Children's Museum: Child Development (Supervised by Cade Mansfield)
  - Students will witness various aspects of child learning as well as social-emotional family processes. Students will gain an appreciation for research strategies used to study child development. Students will meet regularly with Dr. Mansfield to discuss research on child development and their observations at The Children's Museum.

- Process
  - Pick up, complete and return application to the Psychology department secretary by 11/8/2019.
  - Interview with faculty (we'll schedule this with you).
  - We let you know if we can offer you a Practicum placement.
  - Complete a background check (after you are offered a site). This is for sites that involve work with children and adolescents.
  - You will need a registration override in order to register for Practicum. Please see Mickey for assistance.
